Teachers and school staff - keeping you safe at our school

Am I a close contact* in these situations?

I greeted a child at the school gates who has now tested positive for Covid-19

I'm a close contact and MUST self-isolate for 14 days if I...

- had close face to face contact (under one metre) for any length of time
- was within one to two metres of the child for more than 15 minutes

I'm not a close contact and DO NOT need to isolate if I...

 said hello to the child from a one metre distance as they walked past

A member of staff at my school has tested positive for Covid-19

I'm a close contact and MUST self-isolate for 14 days if I...

- spent more than 15 minutes inside the same classroom
- spent more than 15 minutes in the staff room with the staff member who has tested positive
- talked to the staff member who has tested positive in any location within the school less than one metre apart
- provided First Aid or one-on-one support to the staff member who has tested positive

I'm not a close contact and DO NOT need to isolate if I...

 the staff member who tested positive said hello whilst passing in the corridor

A child in another class from the one I teach in has tested positive for Covid-19

I'm a close contact and MUST self-isolate for 14 days if I...

- had close face to face contact (under one metre) for any length of time
- was inside the classroom with the child for more than 15 minutes

I'm not a close contact and DO NOT need to isolate if I...

 was inside the classroom where the child was present for less than 15 minutes

A parent of a child has tested positive for Covid-19

I'm a close contact and MUST self-isolate for 14 days if I...

- had close face to face contact (under one metre) for any length of time
- was within one to two metres of the parent for more than 15 minutes

I'm not a close contact and DO NOT need to isolate if I...

 said hello to the parent from a one metre distance as they walked past

The national guidance defines a close contact as someone "who has been close to someone who has tested positive for Covid-19 anytime from 2 days before the person was symptomatic up to 10 days from onset of symptoms".

Stop the spread.

Do the right thing.
