C of E Primary School

St Barnabas 'Little Stars' Nursery Class

ASPIRE, BELIEVE - TOGETHER ACHIEVE

WHERE YOUR LITTLE STARS COME TO SHINE

Little Stars Nursery is an integral part of the school community. Here at St Barnabas, we recognise how important those early years in a child's life are and understand that the experiences we provide will play an important role in their development. Our nursery is led by a qualified teacher and experienced team, who ensure the children receive a high quality start to their education. Our nursery team truly hold the children at the heart of all they do.

At Little Stars, we build positive relationships so that the children feel safe, nurtured, happy and ready to learn. We recognise that for many children, it will be their first time away from family members, so ensure we offer a smooth transition that follows the individual child's pace and really allows us to get to know them.

We help every child aim for the stars by recognising how each individual learns best. Time is spent discovering each child's interests and passions and we incorporate them into our day-to-day activities to motivate a love of learning. Through high quality interactions, teachers and staff are

able to support and challenge children in their learning. We facilitate learning by breaking skills and concepts down into small steps, we use effective questioning and modelling and provide sufficient time for the children to review and revisit their learning. Truly getting to know the children means we are able to celebrate their strengths, recognise their next steps and support them in achieving their goals and believing in themselves.

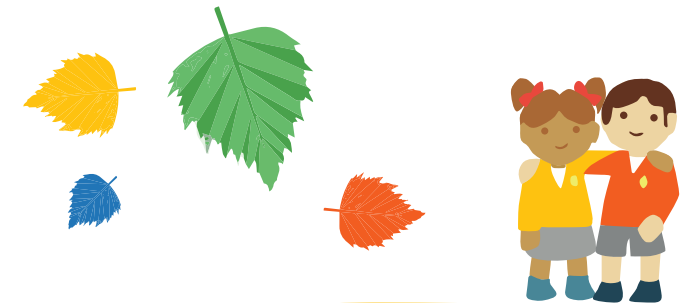

We believe children learn best through play. We provide a high quality continuous provision where the children can confidently revisit, extend and become experts of early skills and knowledge.

We also enhance our provision with purposeful and stimulating resources and materials to ignite curiosity, promote independence and to foster a love of learning. Our experienced EYFS team has a strong understanding of the curriculum and we aim to enable the children to develop a deep understanding of the concepts and key skills needed to prepare them for their journey into primary school. Alongside this we aspire to equip them with the positive learning dispositions they need in order to leave nursery as inquisitive, confident and resilient learners.

At St Barnabas we are a Church of England school and recognise that the world around us brings so much wonder and awe to the children's lives. At Little Stars, we spend lots of time outside, whether this be free-flow play in the garden, caring for the allotment or exploring the school grounds and forest area.

At Little Stars, we really value the support of parents and carers and we communicate with them effectively. Parents know their child better than anyone, so in order to help a child reach their full potential, it is important to work together!

"We want our Little Stars to aspire, believe and together achieve"
